

Uniteam Newsletter April 2018

Uniteam Group expanding in Sweden!

It is with great pleasure we share the news with you that from April 1st Uniteam Group has opened an office in Gothenburg in order to support and further expand our presence in the Swedish market.

The 2 logistics industry experts Mr. Roger Olsson and Mr. Patrik Backman will be our face in the Swedish market and they are both excited about the opportunities.

“The Uniteam System is covering all the needs for a logistics company including Finance. We see a great potential for the Swedish market” says Roger Olsson who has held many regional CEO positions in DHL Global Forwarding.

Mr. Patrik Backman who also has been with DHL Global Forwarding for many years, latest as head of Business Process and IT in Sweden adds: “It is essential for freight forwarders to become digital and better in control of their processes. Uniteam’s integrated software suite is a massive opportunity for Swedish freight forwarders of any type and size to go digital and at the same time become really good at operational excellence.

“The world of logistics is changing fast and we have the tools to help our customers be a part of the digitalization which takes place these days “says Christian Høy, CEO of Uniteam. “We warmly welcome Roger and Patrik in our team and we are confident that they will add tremendous value to our customers with their knowledge and business experience “

(Patrik, Christian and Roger)

Do you feel ready for GDPR?

The 25th of May is coming ever closer and we all need to be certain that we comply with the regulations. So the question is.....do you ?

Read more about GDPR and Uniteam in our next Newsletter coming soon.

Uniteam at WCA in Singapore

Again this year Uniteam participated as a vendor at the WCA conference in Singapore from the 2nd to the 8th of March.

Meeting existing customers and hooking up with new potential customers, we had the great opportunity to introduce our Uniteam 5 Platform and the benefits of optimizing their logistics business administration together with Uniteam Group.

More than 2500 people from the forwarding industry all over the World participated in this year's WCA conference.
