

Dear Customers

Here comes the time..... Our new environment platform is now ready to be deployed!

We are happy to inform that all modules for Accounting/Finance, Ocean forwarding, Ocean Liner Agent, Road Forwarding and Airfreight Forwarding and their supporting systems are ready for you as from January 1st 2017!

Several of you have requested a time frame for this migration. For those who are not yet in the migration plan, we very much encourage you to contact us to define the most suitable timeframe and organize this important step with the sufficient testing and training prior to Go-Live

So please contact us for the further details and planning at [+45 43713533](tel:+4543713533) or [support@uniteam.dk](mailto:support@uniteam.dk)

We look forward to introducing you to the coming “industry standard software to improve your efficiency”!

More information please contact:
